Onsite: 1 year

Create electronic copies of paper documents so you can share them easily and store them efficiently.

The HP 9250c Digital Sender is a dedicated device focused on efficient, high-speed content capture. It allows users to scan large volumes of documents quickly (up to 55 ipm monochrome and 33 ipm color) and easily for greater overall productivity.

Thoughtful features such as an external keyboard, an intuitive control panel with custom menu keys and Optical Character Recognition (OCR) software make this device easy to navigate, easy-to-use and flexible in what it can deliver.

With embedded functionality including send to e-mail, send to folder and LDAP and Kerberos authentication, as well as sent to LAN fax and OCR capability available with the included DSS software, the Digital Sender 9250c is flexible enough to work in a multitude of environments.

The DSS 4.0 administration module allows you to manage one or more digital senders from a single centralized server.

Compatible Operating Systems

Standard Desktop

Windows 2000	*
Windows XP/XP 64-bit	*
Windows Server 2003	*
