

"Seeing the cost of printing on paper, i.e. through the reports that are generated was an eye-opener and we wish we had installed the software a lot sooner."

The Print Management Company *Tracey Naderer, Nolands Financial Services*

Print Audit 6 for Financial Companies

For many companies who specialize in finance, printing remains a security concern and an uncontrolled expense. Take control of your printing environment with Print Audit 6.

- Silently track every document printed in your environment.
- Eliminate inefficient printing practices.
- Meet regulatory compliance requirements.

PRINT AUDIT 6 FOR FINANCIAL COMPANIES

Today's financial companies face the difficult challenge of maintaining document security for the millions of documents that they must produce each month. A print management solution such as Print Audit 6 can help you optimize your print environment, ensure document security and significantly reduce printing costs.

BENEFITS:

Gain complete control of your print environment:

- ✓ Learn who is printing the most and to what devices, what is being printed and more.
- ✓ Track silently behind the scenes and receive email notifications when confidential documents are printed.
- ✓ Restrict unauthorized users from printing.

Reduce your printing costs:

- ✓ Redirect expensive print jobs to the most cost-effective devices.
- ✓ Build reports to spot printing abuses, inefficiencies and bottlenecks.
- ✓ Control color costs by limiting color usage by the user, computer, printer, number of pages, application and much more.

Print Audit® is the easiest and most accurate print management solution in the world, with:

- 🏠 200+ customer testimonials.
- 🏠 1.5 million installations world-wide.
- 🏠 500 million print jobs redirected to more efficient devices last year.

Features for financial companies:

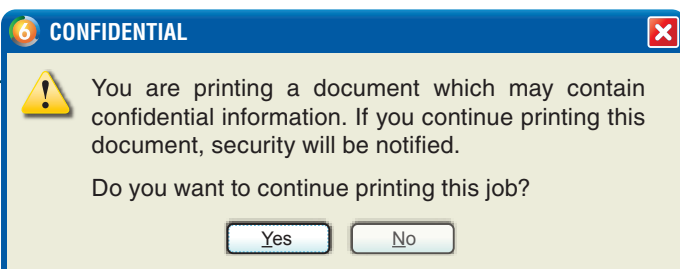

- 🏠 Installs silently to tens, hundreds or thousands of workstations.
- 🏠 Tracks printing from all modern Windows and Mac applications.

"We have now been using your Print Audit software for approximately three months and to say we are pleased with the results would be an understatement!"
